

**The City of Powell has set up an R.V. dump site at 1161 E. Adams which is 2 blocks southeast of the fire hall in the industrial park area. Water will be available the first part of May, weather permitting. This is a temporary site for use while rest area is being rebuilt. Thanks for your patience during this improvement to the community. Any questions please call the city water dept. at 754-9803.**
