

CITY of POWELL Snow and Sand Operations:

City of Powell Snow Plowing Operations:

It is the City of Powell's policy to plow / remove snow after an accumulation of four (4) inches or more of snow.

Like sanding, such plowing is limited to normal weekday hours, except for time of severe weather conditions.

During major snowstorms, snow removal operations will concentrate on keeping the main traveled arteries open during normal school/working hours.

Snow removal operations will not be conducted between the hours of 9:00pm and 4:00am for any reason except a life threatening emergency. Exceptions to this will be determined by the Streets Superintendent or his designated operator(s).

During severe storms (storm conditions which threaten life and property of the public or response personnel and equipment), the City may suspend snow removal operations, except emergency responses as directed by the Streets Superintendent or his designated operator(s).

City of Powell Snow Sanding Operations:

Snow sanding operations will not be conducted between the hours of 9:00pm and 4:00am for any reason except a life threatening emergency. Exceptions to this will be determined by the Streets Superintendent or his designated operator(s).

During severe storms (storm conditions which threaten life and property of the public or response personnel and equipment), the City may suspend snow sanding operations, except emergency responses as directed by the Streets Superintendent or his designated operator(s).
